## DEAR FRIENDS

In 2017, the International Security Foundation (ISF) significantly deepened our private sector support of the Overseas Security Advisory Council (OSAC) of the U.S. Department of State, Bureau of Diplomatic Security. With increased ISF funding, OSAC is better able to meet ever-increasing needs for educational programs and security information exchanges to help keep American citizens and organizations safer and more secure.

Since our founding in 2011, ISF has raised more than \$2 million to support 90+ OSAC programs. We are deeply indebted to the 265 companies, organizations and individuals who generously support ISF by sponsoring an event, donating or becoming an ISF member.

The need for funding has never been more urgent. OSAC programs and real-time information-sharing platforms are essential for the safety of U.S. companies, academia, nonprofits, NGOs and faith-based organizations operating abroad.

Thank you for your generous support in 2017 and for your shared commitment to keeping Americans abroad safer and more secure.

Sincerely,

**RICH DAVIS**  
PRESIDENT, 2017-

**JIM SNYDER**  
PRESIDENT, 2016-2017
